# The Hero's Journey Resource Pack

Name: \_\_\_\_\_

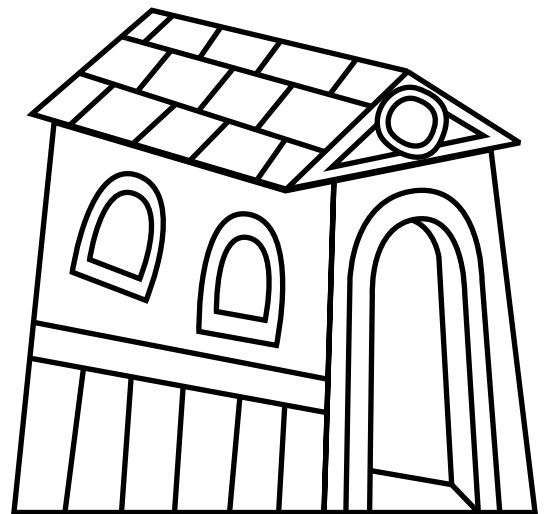

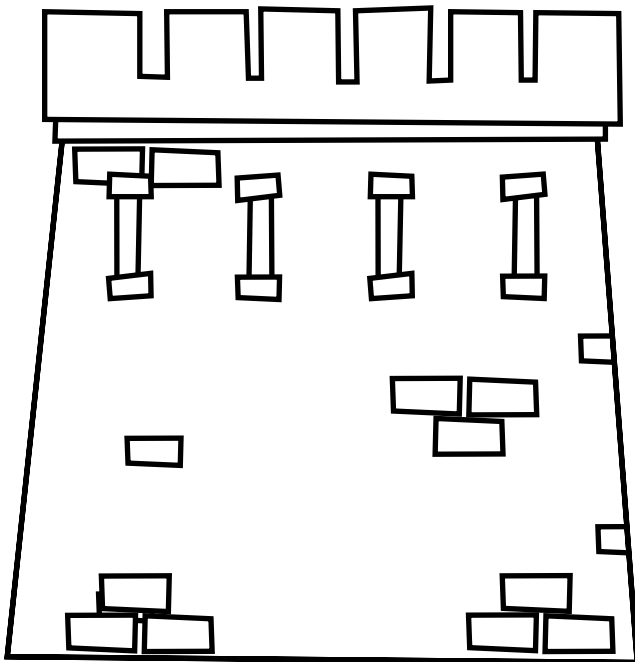

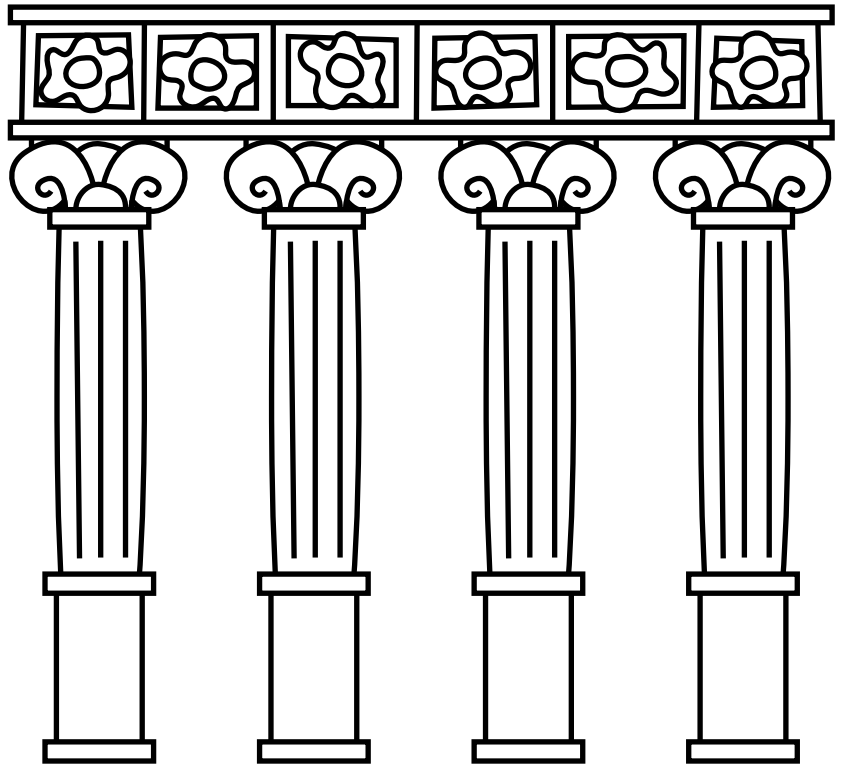

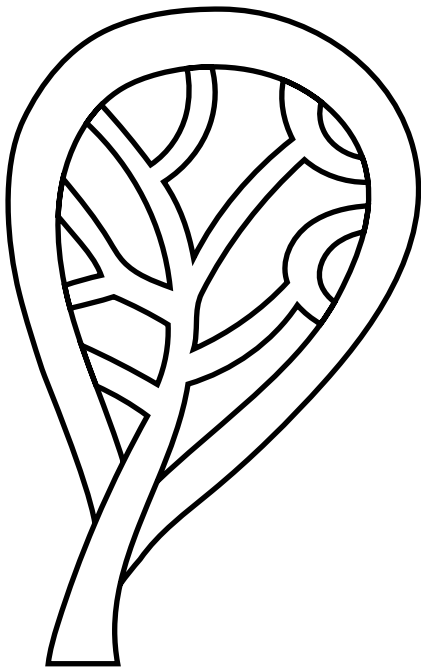

elcome to the Blanchelande Hero's Journey. Inside this book you will find everything you need to create an epic adventure in the comfort of your own home.

The Hero's Journey often takes the Hero far away, to strange, magical lands, but the most important journey is, of course, the transformations that the Hero must undergo; the distance travelled not by their feet, but by their spirit.

We wish you an exciting adventure, and remember that we are all the Hero in our own story!

Are you  
ready  
for your  
adventure?

(You will need glue,  
some scissors and  
something colourful...)

---

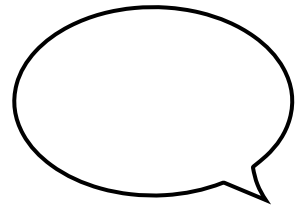

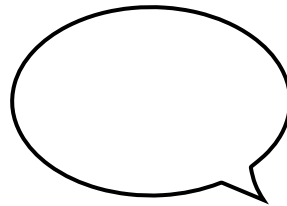

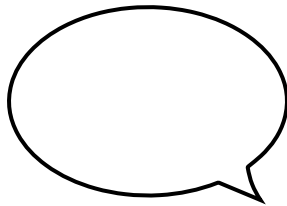

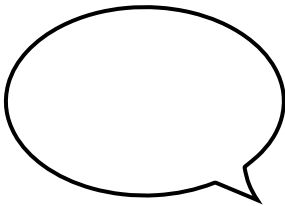

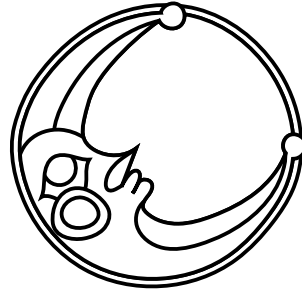

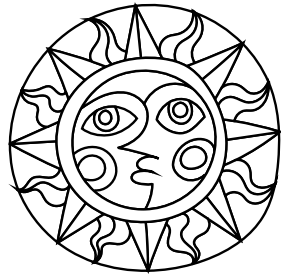

This scenery might be useful to add details to your story.

Cut out what you need from these pages to add to your adventure!

---

This is you, the Hero of the Story! You can add these to the pictures in your story to show what you did on your adventure.

---

Maybe your Hero will meet some of these characters along the way... will they be friend or foe?

Cut out the speech bubbles to make the characters in your story speak.

# Your story begins...
